

01 Literacy, Numeracy, and Music Achievement

02 Indigenous Perspectives

03 Inclusive Supports

04 Professional Dev't

05 OH&S, and Research

Alberta's students are successful. Optimize implementation of concept-based instruction and brain-based research, initiate Gr.6 academic and music program initiatives.

The achievement gap between FNMI students and all other students is eliminated. Extend staff and student understanding of indigenous perspectives through community collaboration..

Alberta's education system is inclusive. Provide assessment, accommodations and modifications as needed to support student learning needs.

Alberta has excellent teachers, school, and school authority leaders. Collaborate with the Edmonton Regional Learning Consortium to deepen understanding and application of concept-based instruction.

The education system is well governed and managed. Develop and implement OH&S policies and procedures to support a healthy work environment, and continue to support educational research partnership.
